Dear Property Owner:

A reassessment of all real estate property in the Town of Newton is being undertaken on an annual basis to ensure uniform and equitable assessments. Appraisal Systems Inc. (ASI) has made a complete analysis of all recent market data in order to accomplish this task and determine the value of all properties as of October 1, 2024. The market analysis of your property has been arrived at in accordance with the rules and regulations mandated by the State of New Jersey.

The aggregate value of total assessments in Newton has increased for the 2025 tax year; therefore, the tax rate will change in a reciprocal manner. For comparative purposes, a tax rate of \$2.560 (per \$100 of assessed value) has been estimated for 2025 to give property owners a sense of how their property taxes may change based on the new 2025 proposed property assessments. However, the 2025 actual tax rate will be different from the estimated 2025 rate based on the County Equalization and reallocation process. This estimated tax rate does not include any potential budget increases in 2025, and the exact tax rate cannot be computed until the County, School, and Municipal budgets are approved and calculated into the official 2025 tax rate next year.

THE NEW 2025 PROPOSED TOTAL ASSESSED VALUE OF YOUR PROPERTY IS:
YOUR 2025 **ESTIMATED** ANNUAL TAXES (based on tax rate of \$2.560):

For purposes of comparison:

THE 2024 TOTAL ASSESSED VALUE OF YOUR PROPERTY WAS:
YOUR 2024 TOTAL ANNUAL TAXES (tax rate \$2.727):
